

Petzl Vertex Best

Safety helmet

Product code: 3010.18

Features

- Comprehensive worksite protection
- 6-point textile suspension adapts to the shape of the wearer's head; helmet can be centred and adjusted for optimal positioning
- Headband lowers for an optimal fit
- Dual chinstrap reduces risk of helmet slip, loss, and entanglement (strength greater than 50 daN)
- Outer shell absorbs shock and is unventilated to protect wearer against electrical hazards, molten splash, and flames
- Materials: ABS (acrylonitrile butadiene styrene), nylon, polycarbonate, high-strength polyester, polyethylene
