

EU **DECLARATION** of Conformity (DOC)

Our mission is as it has always been :

Eliminating LTIs (i.e., lost-time injuries) for seaborne workforces.

Scandia Gear is heavily invested in ensuring that our products' CE certifications are both comprehensive and up-to-date.

To us, product and regulatory details are critical to workplace safety.

The new EU PPE Regulation 2016/425 requires that manufacturers make available to wearers and users a DOC for every item of CE-certified PPE (personal protective equipment) produced.

A DOC is a legally-binding document that confirms that a product meets the requirements of applicable safety directives.

Scandia's DOC contains the following information :

- Name/address of manufacturer
- Model and/or serial number of equipment
- List of relevant directives
- List of applicable standards (including amendments and effective dates)
- Declaration statement
- Certificate number
- Name, address, and number of the Notified body responsible for certification
- Name and position of signee
- Signature
- Date

Please see the following page for this product's DOC.

If you have any questions, please contact Scandia's Sales Department.
